

FILLER PANEL WITH INTEGRATED RECESSED REGION FOR
ATTACHING DEVICE

5

ABSTRACT OF THE DISCLOSURE

10 A keyed filler panel with integrated recessed region for attaching
device is disclosed. In one embodiment, the present invention is comprised
of a filler panel body. The present embodiment is further comprised of a
recessed portion integral with the filler panel body. The recessed portion is
fixedly coupled with the filler panel body, and adapted to receive an
attaching device for removably coupling the filler panel body with respect to
a chassis.
